

ROBARD CORPORATION

Leaders in Weight Management

Product Quality Statement

Food Sciences Corporation specializes in offering a versatile range of products which contain high-quality protein and controlled fat and carbohydrate levels. Our products are designed based on the latest research and advancements in nutritional science and formulated to ensure high consumer acceptance. We are committed to providing our customers with safe and nutritious products through our integrated food safety and quality programs, regulatory compliance and the application of industry best practices.

All Food Sciences products are manufactured in compliance with the current Good Manufacturing Practices (cGMP) listed in the United States Code of Federal Regulations and are labeled in accordance with all applicable requirements under the Nutrition Labeling Education Act (NLEA) and Dietary Supplement Health and Education Act (DSHEA). In addition to inspections regularly conducted by the FDA, independent inspections are conducted to ensure all aspects of production are performed levels that assure optimal product quality.

We utilize only high quality ingredients which are tested for safety, nutritional content and functional application. All materials are sourced from vendors approved under our Supplier Approval Program which requires the submission of samples for evaluation and official documentation certifying their product.

To ensure each finished product lot meets all expectations, detailed sampling and evaluation is conducted during production and includes testing for all functional, organoleptic and food safety specifications prior to product release. Vendor Specifications and Certificates of Analysis along with strict product formulation and manufacturing assure that labeled nutritional values are achieved.

Our products are utilized nationally as part of comprehensive weight management programs, determined by independent professionals and facilitated under sound nutrition practices. We are proud to provide supplements that have been well received within the consumer and medical weight management community for over 40 years. We stand behind the quality of our products and are pleased to provide both technical and marketing support to our clients as needed.
